

High Holidays with Rabbi Stacy

High Holidays with Rabbi Stacy is a pop up, modern prayer experience. Driven by curated music, both contemporary and traditional melodies, and creative and relevant liturgy, we come together to celebrate and renew ourselves. Everyone is welcome, open minds and open hearts preferred, belief in God is optional. Together we will create a sacred community with no strings attached.

2018 Schedule

This service will blend traditional liturgy with uplifting and relatable translations so that the Hebrew and English prayers intertwine. The band will create a profound musical experience that includes passionate prayer and moments of meditation. Rabbi Stacy will introduce the themes of this season, seeking to make them personally relevant and we will build community through interaction and conversation. Let these High Holy Days invite us all to work together for renewal, compassion and peace.
